

**Associated Builders &
Contractors, Inc.**
Central Ohio Chapter

Construction Law Issues:
*Maintaining a Union-free workforce and E-Verify
compliance*

Thursday, March 25

at the ABC office, 1725 Jetway Blvd. in Columbus

Breakfast Program: 8 to 10 a.m.

As many contractors have learned in 2009, operating a merit shop construction company during the Obama Administration can be challenging! This breakfast program will review current changes affecting the construction industry and explore potential legislation. We'll also discuss the current makeup of – and anticipated changes to – the National Labor Relations Board and how it could affect your firm.

Because many contractors are performing more public work, ensuring a legal, U.S. resident workforce is key. At the program you'll learn how the current rules on E-Verify will affect your business should your firm be awarded a stimulus project.

An attorney team from Perez & Morris, LLC will guide you through union avoidance issues and E-verify requirements. Join ABC members for a breakfast seminar and bring your own questions to learn best practices.

ABC member cost for the breakfast seminar is \$40 per person, \$60 for non-members. To register, fax the form below to 614/529-0220, or call the ABC office at 614/529-4300.
